AND 12/29 12/23/99

Dear Harold,

Enclosed find clippings on JFK and MLK. I hope you are both as well as possible. Was wondering what you've been up to lately. I am doing well as is my family - Have been busy with my new job.

Was wondering your feelings on the recent jury decision in Memphis regarding Lloyd Jowers. I know you said in the past that you don't believe Jower's story but is it possible that any of what Jowers says is true? Could Jowers story be true and just be a seperate part from what really transpired with others unknown to Jowers carrying out the assassination? Or is this just Bill Pepper convincing a jury of things that may not have happened and things that have no merit in the truth? I'd like to know what you think. I also saw you on the History Channel this past 11/22 on the special by Chip Selby "The Warren Commission." I thought it was very well done program and to be honest with you I was shocked at the tape recording of some of the things LBJ said regarding his treatment and "persuasion" of poor Senator Russell. I thought that was shameful the way he got Senator Russell to serve on

the Commission when he didn't want to.

Anyway I've got to go - Thinking of you both and have a blessed Holiday Season and New Year.

Scott Wilson
